Manuel Larraga

Manuel Larraga is definitely a story of overcoming, perseverance and love for furniture.

We are a recognized brand, working in more than 20 countries in the high-end décor and the contract business.

The quality of our finishes, flexibility and excellent customer service are our hallmarks.

OUR REASON FOR EXISTING

Manufacture quality pieces
to help create unique spaces.

”

OUR GREATEST PURPOSE

Adding value to the industry with crafts, and
spread it all over the world.

OUR VALUES

Our values are:

- Flexibility and custom manufacturing.
- Give the best of ourselves in each piece.
- Resolve situations with positive attitude.
- Take care of our employees.
- Have a close relationship with our customers and collaborators.
- Always improve the quality of our products through innovation.

OUR RESPONSIBILITY

At ML we are committed to helping build an upright, and sustainable society.

Since the beginnings we bet to having the best team. We don't mind gender, origin, or age.

The most important characteristics of our employees are the enthusiasm to add values to the company, the passion for a job well done and of course, the motivation to improve their knowledge.

Our traditional way of working is collaborating with local suppliers, the ultra-careful selection of quality materials, and the professionalism of our team.

Reducing the environmental impact of our production is one of our priorities. We try to select, natural materials, and recycled. The solid wood structures that we use, have the FSC certificate from sustainable forests and we have installed PV solar panels helping to use a clean energy and reduce CO2 emissions.

In addition, we are improving the manufacturing process that help us to regulate the quantity materials used and manufacture just the necessary.

OUR PEOPLE

The most important value of the company is
the people who work in.

All the pieces that leave our warehouse are
made individually, with love and gentleness,
taking care of every detail.

Our team is a balance between experienced
professionals and young people who want to
learn the trade job, bringing enthusiasm to
this beautiful project.
